## Notice Concerning Planned Year-End Dividend for the Fiscal Year Ending March 31, 2026

The Company hereby announces that it has decided on the year-end dividend per share for the fiscal year ending March 31, 2026 as follows.

- Fiscal year ending March 31, 2026, Planned year-end dividend :  
165 yen per share (Record date: March 31, 2026)

The Company recognizes that the return of profits to shareholders is one of its most important management issues and its basic policy is to return profits commensurate with business performance, with an emphasis on maintaining stable dividends. Furthermore, during the Sixth Midium-Term Management Plan period starting in the fiscal year ending March 2026 (FY2026 to FY2028), the annual dividend per share will be set with a minimum target of a dividend on equity (DOE) of approximately 3%. As a performance-based return to shareholders, the total return ratio on a consolidated basis will be set at 50% or higher (Interim dividends are approximately 2% of DOE, and year-end dividends are approximately 1% of DOE, with dividends linked to performance).

Based on this policy, the Company has decided to pay a year-end dividend of 165 yen per share for the current fiscal year.

The planned annual dividend per share, including the interim dividend already paid, will be 225 yen, which will be the highest ever for both the year-end dividend (165 yen) and the annual dividend (225 yen).

The Company determines dividends by a resolution of the Board of Directors in accordance with its Articles of Incorporation. The formal decision on the year-end dividend will be made at a meeting of the Board of Directors to be held in May 2026.
